

Arts Rockford's First Ever Home Improvement Drive!

Now Through November 30, 2017

Please support your arts center, help us to maintain and operate the facility and make it BETTER for your community! The Arts Rockford center has been at this location for 2-1/2 years now and honestly, it's time to update.

The list below includes remodeling items to update and make the space more useable. It also includes basic supplies for keeping the space beautiful. AND, it includes a wish list of new equipment that will make your arts center more useable, and will allow us to bring you more small performance events right here at the Arts Rockford center!

If you have any of these items, supplies or equipment, PLEASE consider donating it to the arts center! Or, cash donations are always hugely appreciated as we acquire and improve the center to make it more accessible and beneficial to our community.

Help Your Community, Support the Arts and Get a Big 2017 Tax Deduction Too!
